Counseling Associates, INC\(Link\)](#)**

The Child and Adolescent Service System Program (CASSP) was established in Arkansas by Act 964 of 1991 and in 2001 through Act 1517. CASSP is based on the concept developed by the National Institute of Mental Health that focuses on the need for interagency collaboration and coordination across systems in delivering multiple services to seriously emotionally disturbed children. CASSP service teams are available throughout the state to develop multi-agency plans of care for individual children and adolescents with serious emotional disturbance when the current system is not adequately meeting their needs.
