 Snow and Inclement Weather Routes

In the event of inclement weather, the Conway Public Schools have established the following snow routes. These will be used if school is in session, but some areas served are deemed unsafe for bus travel.

If the route that serves your area is not listed, the bus will run its normal route.

If these routes are going to be used, it will be announced on our CPSD Mobile app, our district website (conwayschools.org), and social media.

*If there is a delayed start to school, the pickup times will be adjusted by the amount of time of the delay. (Example: 2-hour delay means a bus that normally picks up at 7:00am would pick up at 9:00am.)

The details listed below are only for those routes that will be altered for snow:

- The pickup and drop-off times are estimated, and students should arrive 10 minutes before the scheduled times.
- Parents/guardians will need to be at the scheduled sites to pick up their child.
- If no parent/guardian is at the pickup point, the child will be returned to their school.

Bus Number	Snow Route Details	Pickup Time	Drop-off Time
