DENTAL

FIRST CONSIDERATION – PLEASE READ

- Residents who have already established a good patient-dentist relationship should explain their financial limitations to their dentist and request the most cost-effective treatment plan estimate before changing dentists.
- There is often more than one treatment plan that will achieve the goal of oral health. It is generally better to stick with a dentist one trusts and who knows the patient’s needs as well as their medical and dental history.
- The practice’s financial manager may be able to work out an acceptable payment schedule according to the patient’s ability to pay for services.
- Residents who decide to try one of the locations on this list should **FIRST** contact the office by phone to find out the office’s business hours and documentation requirements.
- **CHARITABLE DENTAL RESOURCES** The insertion of a dental resource in this listing does in no way imply an endorsement by the Arkansas Department of Health or its affiliates.
- This is public information assembled to facilitate access to economical dental care for Arkansas residents. Residents should exercise usual and customary prudence when selecting a dental care provider.

See Medical on p.44 for more dental resources

 - Scheduled life skills, health, and nutrition groups are held daily.
 - Has a closet of donated goods and is equipped with laundry and shower facilities.
 - Vocational Rehabilitation Therapists and representatives from the AR Department of Workforce Services are available to assist with employment, educations, and vocational needs.

- The VA's Shuttle Service provides transportation to and from our Little Rock and North Little Rock hospital campuses.
- The Day Treatment Center building houses staff from the HCHV programs.
- **HCHV Residential Treatment and Case Management**
 - Veterans who seek relief from homelessness are placed at one of our four contracted facilities. Sober Living, St. Francis House, and BCD-Empowerment Center are in Little Rock, Arkansas.
 - Individuals must have thirty days documented sobriety or no history of SUD in order to receive placement at St. Francis House. Veterans who require intensive SUD treatment are placed at Wilbur D. Mills (Searcy, Arkansas).
 - While in residential treatment, Veterans receive weekly case management and are linked to VA and community programs and services to assist them in meeting their needs and helping them to escape homelessness.
 - Veterans agree to maintain complete sobriety while in residential treatment, and many are participating in HCHV SUD outpatient treatment and/or SUD groups at Fort Roots VA.
- **Supported Housing**
 - Designed to assist Veterans with obtaining affordable housing in the community, through either private property owners or government housing programs.
 - Veterans seeking assistance through this program must agree to participate in identified aftercare programs and receive on-going case management follow-up from the program coordinator for a specified period.
- **HUD-VASH**
 - Joint venture between Housing and Urban Development (HUD) and VA. This program began in 1992.
 - Veterans who participate in the program receive a housing voucher that subsidizes their rent.
 - Veterans interested in the program must also agree to aftercare involvement, as well as close follow-up from the program.
 - Individuals must meet the low-income threshold and must not have a record as a sex offender.
 - Unlike traditional Section 8 Housing Vouchers, individuals with a felony background may utilize HUD-VASH vouchers.
- **Health Care for Re-Entry Veterans (HVRC)**
 - This program focuses on incarcerated Veterans in Arkansas State and Federal Prison Systems.
 - Its intent is to provide these Veterans with linkages to VA and community resources to help them make a smooth transition back into mainstream society and to prevent street homelessness.
- **Veterans Justice Outreach (VJO)**
 - This program is designed to assist Veterans incarcerated in local jails with transitioning into the community and gaining access to VA services to address their clinical needs and work toward improving their stability.
